RESEARCH COMMITTEE MEETING REPORT

Research committee meeting has been conducted on **27.12.22 at 12.30 pm** with Committee members. R & D coordinator Dr.C.Jeyalakshmi Professor/ECE initiated the meeting and few points were discussed. Follow up of the proposal submitted by Physics department regarding research is enquired. It should be followed consecutively till we receive the fund. Chemistry department is advised to submit the proposal for the research facility requirement to ED sir. We also had discussion about Quartile journals and authorship. Maths department has given a request to publish in Scopus for doctorates instead of SCI journals since it is very difficult to publish. For English department also due to very rare journals for them they should try for Scopus. Regarding fund proposals, science and humanities department should try for ICSSR, ICMR and TNSCST to conduct seminar or workshops. Already fund proposals submitted to DST sure by Maths, Physic and ECE departments.
